PRESS RELEASE

QROPS - BOAL & CO LAUNCHES SYNERGY EXTRANET

Consulting Actuaries **Boal & Co** has today announced the launch of the **SYNERGY Extranet** www.synergy.gg to support the success of its existing **SYNERGY** and recently-established **SYNERGY Life QROPS** products.

Following the launch of SYNERGY, an open architecture **Guernsey-based** QROPS pension scheme in May 2009 and SYNERGY Life, designed specifically for clients investing in insurance bonds or investment platforms in June 2010, Boal & Co has developed a **support extranet** to provide instant information, on-line applications, new business tracking, technical guides and literature to assist advisers in making recommendations to their clients.

Financial advisers are able to access a wide range of information from regulation and compliance through to up-to-the-minute market and news information, delivered by directors Gary Boal and Mark Kiernan via blogspot.

Through a streamlined online application process, Financial Advisers can apply and actively track new business proposals saving valuable time and energy due to time zone differences between clients, advisers and the product providers.

Boal & Co managing director Gary Boal, commenting on the launch of the SYNERGY Extranet, said:

“The launch of the SYNERGY extranet is an exciting development for Boal & Co and demonstrates our commitment to the QROPS market and the strong partnerships we have developed with global financial advisers. Through online support services, advisers now have access to a wide range of sales support tools, contacts and a streamlined application process.”

Advisers wishing to learn more about the SYNERGY Extranet are invited to contact Boal & Co by email at synergy@boal.co.uk or register at www.synergy.gg.
